Employer/Organization Name

Dear Local Law Enforcement Partners:

Please be advised that this business performs an essential role in providing home and facility-based hospice care services in multiple counties. Hospice is a federal and state health care program for the provision of end-of-life care and services. As essential workers, our employees are authorized to travel outside of any established curfews during the declared State of Emergency related to COVID – 19. Such travel is authorized for the delivery of critical medical supplies, pharmaceuticals, and to provide hospice care services to patients at home and those residing in medical facilities.

Thank you for your service during this challenging time and thank you for allowing our employees to continue serving our terminal patients who are in desperate need of our services.

Sincerely,

*[Employer representative name]*
